CHICKERING & SONS

PIANOFORTES.

THE subscribers take pleasure in informing the public that they have been appointed Sole Agents for these Celebrated Instruments for the State of Rhode Island, and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extraordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinions of the greatest artists in favor of the Chickering Piano, and finally, up in witnessing the most and crowning triumph at the recent Paris Exposition over all the most celebrated pianos in the world. The peculiar points of superiority to be found in the Chickering Pianos have been so frequently and minutely detailed by the Press that we do not consider it necessary in the Card to comment further upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

A TERRIBLE DEATH!

Of the thousands wasting away with Consumption, there is not one in ten but that can revert to a time when it was "nothing but catarrh." This disease depends upon a poison and humoral condition of the General system, and the use of strong snuffs or caustic solutions always irritate the parts already inflamed; they often astringe the membrane, suddenly checking the morbid secretion, and driving the disease directly upon the lungs. The success of Dr. KENNEDY'S "PERMANENT CURE FOR CATARRH," lies in the fact that it purifies the blood, gives tone and vitality to the system, while the ulcerated membrane is cleansed and healed by soothing applications. See that his fac simile is upon the wrapper. For sale by all Druggists. DEMAS BARNES & CO., New York, General Agents.

WM. S. BAILEY,

The Humbled Heiress.

"How do you like my cravat, Frank?"

Mr. Belmaine turned from the mirror in the "gentlemen's dressing-room," with his chin visibly elevated in the air, to consult the taste of his friend Frank Minot, who was anxiously comparing the relative size of his left hand and an immaculate kid glove.

"Splendid!" was the spontaneous reply.

"Don't you think the bow might be improved?"

"Not a hair's breath! O, hang this glove! it is split up the middle as neatly as if I had taken a pair of shears to do it."

"So I perceive. Just step out and get another; there's plenty of time."

"Time I should think so. But it isn't a question of time. Do you know old Fellow, I spent my last dollar on that treacherous pair of rat-skin deceivers? Oh, poverty, thou art a bitter pill!"

Belmaine laughed.

"I suppose you won't let me give you a five?"

"No—what's the use? I shouldn't be able to pay you, and I don't wish to begin alienating the few friends I have left. I'll wear one glove, and swear the wounded one is doubled up in my hand."

"Frank, you should marry a fortune."

"So I think myself; but unfortunately the damsels of the golden charms don't agree with me."

"There will be a new chance to-night; Augusta Pelham is to be here."

"Is she? Are July and September coming too?"

"Nonsense! she is a fortune; and remarkably pretty girl too."

Upon my word! who knows but I might have made an impression if I had'nt ruptured that unfortunate glove. I wonder if it is too late to try now?"

"Frank, will you stop talking and get the gloves on?"

"Do borrow a boot-jack and help me—that's a good fellow!"

Belmaine shrugged his shoulders, despairingly, and went to the door.

"Here are a lot of fellows coming—there'll be a crowd here presently. Hallo."

"What are you barking on my corns for in that sort of a way? simply interrogation Minot.

"Is there a ghost coming? or a policeman?

"Frank," said Belmaine, lowering his voice, "the ladies' dressing-room is next door to this one."

"Is it indeed! What of that?"

"And both the doors are wide open."

"A good idea for ventilation, I should say."

"Oh, Frank! will you be serious for one moment? Miss Augusta Pelham is there, brushing out her curls—and, as I am a living sinner, she has heard every word we said!"

"Well! have we said anything to be ashamed of?"

"No—but—"

"Don't be a fool; let's go into the drawing-room."

Ten minutes later Augusta Pelham came into the room—a tall, splendidly handsome girl, with dark eyes, and black hair hanging low on her shoulders; a haughty mouth and cheeks faintly tinged with rose. She walked like a princess of the blood—slow and gracefully—with an indescribable languor in her motion; and her dress—white silk, with an opera cloak of rose velvet—swept the carpet in heavy folds of snow. A diamond star blazed at her throat, and a bracelet, studded with the same precious stones, sparkled like dew-drops on her arm. Augusta Pelham never wore anything but diamonds, and they became her well.

"There comes Miss Pelham; isn't she stylish?" said Belmaine, lifting his eyeglass.

Frank Minot looked up with a sight start.

"Good heavens! how beautiful!"

He spoke involuntarily, drawing in his breath with a sudden inspiration. Like a star, blazing suddenly from that violet horizon, like a revelation of brightness indescribable—her lovely face came to him; and Frank Minot for the first, fatal time in all of the world, who piqued himself on the utter insensibility to female charms, felt a strange, chaotic stirring at his heart—the long thirsty, the passionate abandon, that men call Love!

"Introduce me, Belmaine," he whispered eagerly, pressing his friend's arm; "do! and I'll never forget your kindness."

Belmaine opened his eyes wide, smiled knowingly, and began to edge his way through the crowd.

"Miss Pelham, will you allow me to present a friend?"

"What friend?"

"Mr. Minot."

"Who is Mr. Minot?"

"The nicest fellow in the world. Not rich you know; but a good family, and—"

Augusta laid her fan on his arm with light though peremptory touch.

"There—that will do, Mr. Belmaine."

"May I bring him to you?"

"No."

"No! Why not?"

Belmaine's countenance had fallen; he looked at the young lady with dismayed astonishment.

"Because I do not wish to know him."

"But—Miss Pelham—really this is very strange. What can I tell my friend?"

"Tell him," said Augusta, in a clear silvery tones, which nevertheless was distinctly audible to Minot, standing very far distant—"tell him that I despise fortune hunters to utmost willingness to add to the number of my train."

She turned away, and as

NEWPORT DAILY NEWS.

FOR PRESIDENT,

ULYSSES S. GRANT.

FOR VICE PRESIDENT,

SCHUYLER COLFAX.

STRANGERS AND SUMMER VISITORS spending the season in Newport will find it to their advantage to consult the advertising columns of the *Daily News* before selecting their places of trade. They will find, carefully arranged under appropriate heads, the names and places of business of our leading merchants and artisans of all classes, and may thus be enabled to make, by comparison, more satisfactory arrangements than a limited acquaintance in Newport would otherwise allow.

State Central Committee.

A meeting of the State Central Committee of the National Union Republican party, will be holden at the Atlantic House, Newport, Tuesday evening, June 9th, at 8 o'clock. Members are requested to be present. By order.

Election of Senator.

The General Assembly will proceed to-morrow, according to law, to the election of a United States Senator for six years from the 4th of March, 1869. By the law of Congress Senators are hereafter to be chosen in all the States in the same manner and at the same relative day in the session. The two houses are to meet separately and vote for a candidate. It is not prescribed how this vote shall be taken, whether by ballot or otherwise, but it is left for each House to decide for itself. On the day following, the two Houses are to meet in Grand Committee at 12 o'clock, meridian, when if it shall be found that the same person has received a majority of votes in each House he is to be declared elected. If the two Houses have not agreed in their choice the Grand Committee shall then proceed by a *viva voce* vote to complete the election.

Mr. Edwin M. Stanton.

There are few men in the country to whom the people are so much indebted as to Mr. Stanton. His ready decision, firmness, great abilities, and incessant industry have been of great service to the country.—There is hardly another man living to whom the people are under greater obligations.

He was opposed to the Freedmen's Bureau act, to the Civil Rights act, and to the Tenure of Office act, and advised the veto of these measures, but after they were adopted by the requisite majority he gave these as he did the reconstruction acts to which he was also opposed, his cordial support.

We should have been glad if Mr. Stanton had given up the War Office a little more gracefully. It would have been more in harmony with his conduct in reference to measures which were passed by Congress and to which he was opposed, to have yielded gracefully rather than in a seeming pet.

The Senate have passed, we think very justly, a vote of thanks to Mr. Stanton.—The country owes him a debt of gratitude for his services which it will never repay.

Political.

A Baltimore correspondent says it is now understood that all but two of the delegates elected by the Maryland Democratic State Convention to the 4th of July Convention at New York are strongly favorable to Pendleton's nomination. Gov. Swann has some hopes of obtaining the Vice Presidential nomination.

The Mobile *Tribune* puts forward the singular claim that it "has done more than any other paper in that section to make 'Radicalism odious.'" No declared radical," it says, "can carry on a business here, nor associate with gentlemen; which, they will all tell you, would not be the case but for the *Tribune*."

The movement to make Judge Chase the nominee of the Democratic party is apparently gaining ground. Among the latest supporters of it are S. S. Cox, Dan Voorhees and John Morrissey, who is said to be willing to advance money liberally towards getting up Chase clubs. The New York Liquor Dealers' Association is also said to be ready to enlist under the Chase banner. At the present time Chase and Pendleton are the two most prominent candidates.

It is stated that the passage of the gold contract bill in the Senate is the first step towards a return to specie resumption, a majority of that body being in favor of an early resumption. A majority of the Finance Committee believe that the Government could safely offer to redeem its notes in coin within a year.

The St. Louis *Dispatch*, which favors the nomination of Gen. Blair for President by the Democrats, says that the victory must be won at the North, and that therefore the candidate most likely to be successful is he who faithfully represents the present and the past—or, in one word, a War Democrat. But the "War Democrat" should be a statesman, while he need not be an army officer.

A TRAVELERS' EXPEDIENT.—A gentleman traveling to New York in one of the Sound steamers, during the competition which has crowded the boats with "all sorts of people," was very much annoyed, on retiring to his stateroom with his wife and children, to find a group of "fellows of the baser sort" just under his window, indulging in coarse conversation and vulgar jest. A waiter, sent out to remonstrate, was consigned to a place some degrees hotter than the boiler-deck.

After a moment's thought, the traveler filled his mouth with water from the pitcher, and opening his window suddenly, expelled the water into the darkness with the fearful retch of the first agony of sea-sickness. The astonished rowdies, imagining themselves treated to the contents of a seasick passenger's stomach, hastily retreated, with curses on the qualmishness of their disturber, and using their pocket-handkerchiefs vigorously, while the ingenious traveler, with a chuckle of satisfaction, retired to an undisturbed night's repose.—*Commercial Bulletin.*

Four of the Ames family of Easton return incomes this year, amounting to $275,442. Oliver Ames takes the lead with an income of $169,660.

On Tuesday at South Bend, Ind., two young men and two young ladies, who were out on the St. Joseph River, above the dam, for a boat ride, were drawn into the current and carried over the dam at a frightful velocity, breaking the frail rowboat into fragments and drowning the occupants.

Bristol.

Mr. George Robertson, of the firm of Hugh N. Camp. & Co., Sugar Refiners in Bristol, died in New York on the 30th ult., after a somewhat protracted illness. His age we learn was about 32 years.

The ladies connected with State Street Methodist Episcopal Sabbath School will hold a Strawberry Festival at Town Hall on Thursday and Friday evenings next week. The proceeds will be devoted to the purchase of books for the School.

The *Phenix* says several of the state-rooms on the steamer Bristol were entered on Thursday and robbed of many valuables. One gentleman had a watch of the value of $400 stolen.

Yesterday morning one of our citizens was relieved of his wallet containing about $90 while landing from the Steamer Providence.

A person calling himself Thomas Duane, was detected on board the steamer Providence, on Wednesday evening last, in the act of picking the pocket of A. T. Stewart, Esq., of New York. Duane was handed over to the police and committed to jail.—On Thursday he was arraigned before Mr. Justice Munro, and having pleaded not guilty the examination was posiponed until Saturday, 13th inst. The prisoner was recommitted to jail for want of surety.

A gentleman and lady were relieved of their wallets on the same evening, one on the cars, the other while going on board of the steamer.

STATE PENITENTIARY.—The Bristol Phenix says the committee appointed by the Legislature at their last January session to examine and select a suitable site for a State penitentiary, visited this Town Thursday morning and were conveyed to Hog Island in the schooner Teazer. The committee were accompanied in their visit by his Honor Mayor Doyle, of Providence, Dr. E. M. Snow, Superintendent of Health, and other prominent officials from that City. They made a thorough examination of the island, and returned to Providence in the afternoon train.

The Senatorship.

Ignoring the public sentiment in the election of high dignitaries has come to be quite too common in our state. If any attention is paid to the people it is merely to let them go through the farce of endorsing what they would not be allowed to condemn. Now-a days we have a "slate" prepared, and then, "we the people" are invited in caucus or in convention to ratify what a few ambitious men have prepared for us. That is, we are called to ratify, if it is known beforehand that we *shall* ratify it, otherwise we are not appealed to. If we are good boys and do as we are wanted to do, then we may have our own way; if not we are not consulted about *our* way, but find a way already made.

How very carefully the fact that this Legislature was to elect a Senator was kept out of sight at the State election.—Everybody was supposed to have forgotten it, and all about it. Everybody *knew* that it was a foregone conclusion about the senator. There is only one prophet for Rhode Island and his name *don't* spell Mahonet.

Nobody believes that were a *popular* election to take place on Tuesday next that the result would be by any means so certain as it appears to be now. An active canvass would air a great many unpleasantnesses and lapses, that our well trained legislature will wink hard at and swallow like obedient children taking questionably flavored extracts said to be the right thing for them.

But Oh, Legislators! see that no man doses you with any thing that scents of *Defection*! The Republican Party expects you to "do your duty" No matter if you do it alone, Do It! The issues involved in the faithfulness or treachery of public officers in the coming six months are fraught with so much of weal or woe to the party with whose destinies, as we believe, the welfare of our country is bound up, that every man should do his utmost to ensure right action at the right time. There is no doubt of a wide spread conspiracy to sow dissensions in the Republican ranks. Judge Chase will be nominated by the Democratic Convention, and endorsed and renominated by a conservative convention later. This new party means outside aid to help the war democrats against the copperhead wing. It means that a vigorous effort will be made by means of disaffected prominent republicans to sell out the republican party wherever possible. It means a crop of lavish promises in the shape of Cabinet appointments and foreign missions, for the big fish, and custom houses and post offices and revenue appointments for the smaller fry. Sometimes to an ambitious man a foreign appointment is a distinction whose glitter might lead astray.

No man who holds a decent respect or regard for the people he may be called on to represent will hesitate one moment to give any reasonable pledge of his future conduct, nor to do this in black and white over his own hand and seal. No roundabout hearsay talk of friends or confidents ought to be taken in a grave crisis like this. If the people are not worthy of this, then the candidate is not worthy the suffrage of the people, or of their representatives.

"I endorse the Chicago Platform and pledge myself to use my best efforts to promote the election of Grant and Colfax." Will your candidate, gentlemen legislators, be able to pronounce unstammeringly our new Shibboleth?

CAUCUS.—There is to be a caucus at the State House this evening at 8½ o'clock. It is possible that the senatorial question may be referred to. Up to this time it has not been mentioned in Rhode Island outside of the elect circle.

FIRE.—An alarm of fire was raised Saturday night about eleven o'clock and was found to proceed from the windmill on Warner street, owned by Edward D. Jones, which with its contents was quickly consumed. It is not known how the fire originated but some suspicions of foul play are suspected. The fire was first discovered by Mr. John W. Alderson who was passing on horseback and who not only gave the alarm on the spot but hastened to the Station House and caused the department to be called out. The firemen, however, could do but little from want of water and from the progress made by the flames before they could reach the spot.

Mr. Jones had about three hundred bushels of corn in the mill at the time, which had just been put in, and there was also a small quantity belonging to Mr. Eldred, and perhaps other parties. There was no insurance on the property and the total loss of building, grain, bags &c., cannot be far from four or five thousand dollars. The s mp house a ljourning was injured but not destroyed.

ACCIDENT TO THE OLD COLONY.—The steamer Old Colony broke her center pin on her trip to New York Saturday night and was totally disabled. The accident though serious in so far as it delays the boat and compels her to be taken from the route for repairs, in no wise endangered those who were on board. She was towed into New York arriving at about 5 p. m. It is thought she will be detained about a week before she can be put in order and resume her trips.

The Newport went on to New York last night and will take the place of the Old Colony, while the Metropolis will leave here this evening in place of the Newport.

The following Petition is intended to be presented to the City Council at its meeting, to-morrow evening. It is published that the citizens may fully understand its meaning. All who deem it to be just and proper, will have an opportunity of signing it, previous to the time of its being presented:

To the Honorable Mayor, and the Members of the City Council of Newport.

The undersigned, citizens of Newport, request of your Honorable Body, a reconsideration of the permission, lately granted to the kindred of the late Commodore Mathew C. Perry, to select a site in Touro Park for the purpose of erecting a statue to his memory.

A statue erected in a Public Park, is a public expression of an idea, existing in the public mind. It is an expression of honor, conferred by the public upon an individual. It is a public recognition of great qualities, distinguished services, or marked merit, belonging to the individual, in whose honor, or in whose name, the statue is erected.—The object of public statues and monuments, is not only to honor the individual, but also to hold up to the emulation of the people the great qualities, that attached to the individual. It is, therefore, essential in erecting public memorials to individuals, that the heart, and mind of the people, should concur in the design. In order that a public statue may have a meaning and truth, in the eyes of the people, its erection should be prompted by a public sense of duty and justice, or by a public feeling of gratitude and admiration.

Now, statues, monuments, sculptured, or architectural structures, to the memory of individuals, when placed in public Parks, become public memorials, even though they originated out of the mere motion of private individuals, and were erected at their expense.

The question presented to you is, whether the city should decree a statue to the late Commodore Mathew C. Perry? At the present time should the city select him from its roll of distinguished men, to confer the high honor of a statue in its principal Park? We have no disposition to depreciate or to under-value the character of the late Commodore Perry. We believe him to have been a good sailor, a skilled man in his profession, and faithful in the performance of his duty. We believe that he was contented with having performed his duty to the best of his ability, and was satisfied with the grateful acknowledgments, which his native State had, during his life, extended to him. Like many other good men, and true, we believe, that he possessed a modesty of nature, that would have shrunk from the acceptance of the honor of a statue in a public Park. Such honors, being thought in every rightly constituted mind, to be due only to the few distinguished individuals,—Heroes or men of genius,—who command the public admiration, and are, instinctively, deemed worthy of emulation.

Now, we think, that the honor of having the first statue erected in the Public Park of our city, is due to that man, who has conferred an enduring and imperishable glory upon our city and upon our State.—The public mind designates for this honor almost unanimously, the hero of Erie, Oliver Hazard Perry, who at the age of 27, achieved a brilliant victory for his country, at a time when such a victory was needed to revive the disheartened spirit of his countrymen,—a victory so brilliant in itself and so important in its results, as to have carried dismay into the councils of the enemy. This is the Man—the Brother of the late Commodore, whom the people regard as their peculiar hero. And to him we should be the more true, as attempts in years past have been made to diminish the glory, that rightfully belongs to his name on the page of American History. Rhode Island should protect the wreath, that his country at the moment of victory placed upon his brow.—We regard Oliver Hazard Perry, as the Nelson of America. Let him have a statue, and let the statue be erected on the best site in our public Park. If the public Park is to be embellished by statues, let the best sites be given to the Men, whom we *most* honor,—Men, who have honored *us most*.

From the above considerations, we believe that the erection, at this time, of the proposed statue to the late Commodore Mathew C. Perry in our public Park, would be a great public injustice to many other honored Sons of Rhode Island,—men, whose excellence is not, now, marked by any public recognition, but who, nevertheless, in the minds and hearts of the people, have confessedly, a place on our Rolls of Honor.

In conclusion, we again, respectfully, request of your Honorable Body a reconsideration of the resolution passed on the petition of some of the kindred and other friends of the late Commodore Mathew C. Perry with regard to the erection of a statue to him in Touro Park.

All which is respectfully submitted to your Honorable Body, and subscribed by your fellow citizens.

Middletown.

In some respects this is a model township. They have no lawyer, no doctor, no grog shop, no debt, virtually no poor, less taxes and more wealth *per capita* than any other town within our knowledge.

Their State tax is $2 50-100 on $1000, and their Town tax is $1 50-100 on $1000, and this upon a valuation not exceeding 40 per cent. of the real value of the property taxable in the town. The transaction of the town's business including all salaries and fees of Town Clerk, Assessors of Taxes School Committee, Canvassers, Town Sergeant, Town Council, &c., &c., cost $261.81; for relief of sundry poor persons, $373.50.

They publish a full statement of all their accounts in their tax-book. We commend this tax-book to the careful perusal of the municipal authorities of other towns and cities, and think that even our State legislators may learn profitable lessons of economy in dealing with other people's money by studying the examples presented by the prudent officials of Middletown.

It is refreshing amid such profusion with the public moneys elsewhere, to find at least one municipal corporation, which has not caught the prevailing mania of extravagance in dealing with the people's money.

The Old Press.

The Troy *Whig* on the occasion of selling the old press and getting a new one takes its farewell as follows:—

For nearly a quarter of a century the Daily *Whig* was "worked" on this old press. Morning after morning, year in and year out, did the faithful old machine labor in the service of the reading public. Good news and bad news welcome and unwelcome—has been heralded by it, as at the first grey of morn it spoke with its iron "clank" to the people of our goodly city.—Many are the times that it has given intelligence of death and sorrow, and many a check has been blanched as the family sat around the breakfast table, when the morning paper announced sad and unwelcome news. The old press has been the harbinger of good news—of battles fought and victories won. Like a faithful sentinel the machine stood at the portal of day and heralded forth the tidings of the night which had just passed away into eternity. How many a heart ache—how many a joy had it caused! It was ever firm, ever faithful, ever relentless, and announced a death or a wedding with the same stoical indifference regardless of the hearts the news might break or cheer.

A long line of editors and printers have acted as aids to the old press. Many of them have gone far abroad and inhabit other towns and cities, others have "gone to that bourne whence no traveler returns." A few have become 'known to fortune and to fame.' But, like most old people, the venerable printing machine outlived its usefulness. Its cranks, cogs and wheels became worn and rusty, and a new press took its place. The old press was like many old business men whom we know—it was slow but sure. It did its work well, too, and left no blots or "blurs" on the sheets as they passed from its iron grasp. But like an old man, it became lame and rheumatic.

The old press was placed in a dark and out-of-the-way corner of the press-room; it was reduced from the dignity of newspaper work and used for posters. But our ancient friend never murmured. It did the poster work as faithfully as it had printed newspapers, until it "gave out" from sheer old age and exhaustion. Yesterday it was carried out from our press room to be buried in the rubbish of a junk shop. It was a sad and painful scene. The pressmen and the printers who were present at the "funeral" looked upon the defunct "form" of their old friend with sorrowful countenances. Even the "printers devil" who sat upon an ink-keg in the corner, cried until the tears washed great white streaks down his inky countenance and he resembled a tattoed Indian. We thought his heart would "burst," and, fearful of being hit by the pieces, we turned hastily from the scene, bidding a last, long farewell to the old printing press.

A LIBEL ON AMERICAN WOMEN EXPOSED.—Dr. Albert Day, the Superintendent of the Binghamton (N. Y.) Inebriate Asylum has written a statement in reply to an inquiry respecting the assertions of temperance lecturers, to the effect that the asylum was overrun with applications for admission from wives of clergyman and professional men and females generally, in which he says that such allegations are as far from the truth as anything could be. There has never been a female patient admitted to the Asylum. There have been fifteen or twenty applications of females during the past year, but most of these were opium cases. The per centage of drunken women in this country is very small indeed.

DON'T BE A LOBSTER.—Somebody moralizes over lobsters as follows;

Your lobster, when left high and dry among the rocks, has not sense and energy enough to work his way back to the sea, but waits for the sea to come to him. If it does not come, he remains where he is and dies, although the slightest exercise would enable him to reach the waves, which are perhaps tossed and tumbled within a yard of him. There is a tide in human affairs that cast *men* into "tight places," and leaves them there, like stranded lobsters. If they choose to lie where the breakers have flung them, calculating some grand billow to take them on its shoulders and carry them to smooth water, the chances are that their hopes will never be realized. Nor is it right they should be. The social element ought not to be expected to help him who makes no effort to help himself.

The *Vineyard Gazette* says blue-fish are plentiful in the waters of Edgarton. On Tuesday last, over 16,000 pounds were caught, netting the captors about $250.

The New York *Evening Post* says that, according to the meteorological record, since the month of September last there have been one hundred and forty-nine stormy or cloudy nights.

On Sunday night the premises of the Quebec Daily News were entered, and the whole establishment burned up. Safe down—lamps smashed, cases emptied of their contents and strewed about the floor, besides various other damages.

BUSINESS NOTICES.

—o—

GRATUITOUS ADVERTISING.—We are always glad to aid every good enterprise that is undertaken by our citizens, but we find it utterly impossible to work gratuitously for all the religious, charitable, educational, moral and festive associations that have a place among us. To do so is to occupy a large share of the energies of the office without any suitable return. A Daily paper in Newport, to be sustained, must have the support of the whole community, and the proprietors must not be expected to work for nothing. We find it utterly impossible to meet the expenses growing out of the publication of the *News*, if we yield to the opinion expressed by those who have given the subject no thought, that we are to advertise without pay in all cases where the object is for religious and charitable purposes. We should be happy to do so if it were at all practicable, but as a large proportion of our work is of this class we are compelled to charge for it. Advertising by notices in the reading columns is the most valuable of all, and must come under the general rule. Our friends, therefore, will please not ask us to publish cards, notices, resolutions &c., except as a matter of business, when we will make the rates as low as possible.

MORRISON'S TEN CENT NOTES are redeemed only at a late proprietors, to their denomination as their fragments are to their whole. All gratuities made for SONOMA WINE BITTERS are paid in full. Sold everywhere.

THE JUICES OF RYE.—The celebrated Extract of Rye that everybody seems to be using, is without doubt, the best thing for all pulmonary complaints that can be used. Try it. DR. BARNUM'S HAIR RESTORER. The State Assayer recommends it. No other preparation so safe, so good, or so cheap. Price One Dollar. Sold by Druggists everywhere, and by Dr. George W. Babcock, Scientific Dermatologist, 97 Winter Street Boston.—2aw cow

ANY one contemplating advertising should read the card in another column of Messrs. Geo. P. Rowell & Co., Advertising Agents 40 Park Row, New York. This establishment is perhaps the most extensive one of the kind in the United States, and the very large business they control enables them to secure for their customers most important advantages.

MRS. ALLEN'S HAIR RESTORER, sold by CASWELL, HAZARD & CO.

BEAUTIFUL AND OF UNIFORM EXCELLENCE. A well-known, safe, and speedy agent for restoring gray hair to its original color, for preventing the loss of the hair, for promoting its healthy growth and increasing its beauty, a genuine but certain cure for baldness, and an essential toilet requisite for all who prize that choicest gift of nature, a beautiful supply of hair: the above is sold by all who use Mrs. S. A. Allen's Improved (new style) Hair Restorer or Dressing, (in one bottle.) Every Druggist sells it. Price One Dollar. my29—1m

LIVE STOCK INSURANCE, comparatively new in America, has been carried on in Europe for more than fifty years. It has there become established as a secure and popular means of indemnity against loss. By a careful and adequate insurance, the rich man secures a certain guaranty for the value of his animals, and the poor man, who owns only one horse or cow, a sure recovery of that upon which depends, perhaps, his daily bread. The rates of the ÆTNA of Hartford, are as low as security to Policy holders will permit.

POVERTY is BAD, but the worst kind of poverty is poverty of the blood; this makes a man "poor indeed," for it takes away his strength, courage, and energy; but enrich the blood with its vital element, *Iron*, by taking the Peruvian Syrup (a protoxide of iron,) and you will feel rich and "as good as anybody." Try it.

Every Violation

Of the laws of health invariably entails its own punishment, and the warnings administered by the faithful monitor (pain) cannot be neglected with impunity. If its admonitions were heeded, and the proper remedy immediately resorted to, a vast amount of suffering would be prevented, and dangerous diseases averted. When the head throbs, the eyes become parched, and the cheek is burning, the warning is given; neglect is then dangerous. In the vast storehouse of nature may be found remedies for all the different maladies that afflict mankind, without resorting to pernicious minerals. The best of these medicinal agents have been incorporated in the preparation known as HOSTETTER'S STOMACH BITTERS, and offered as a safe remedy to those suffering from the various forms of fever. This medicine has steadily and surely won its way into the confidence of the public, and has received the warmest encomiums from the press and people throughout the Union. As a valuable tonic for the cure of Dyspepsia, Flatulence, Constipation, and general nervous debility, it cannot be approached.—Every day, new cases of its great effect are chronicled through our public journals. There is nothing equal to the enjoyment which the afflicted experience when using this valuable specific. Its mild tone, its sure and vigorous action upon a disordered stomach, and the cleansing of the entire human body, should recommend it to all classes of our community.

SPECIAL NOTICES.

Wistar's Balsam of Wild Cherry

For the cure of *Coughs, Colds, Hoarseness, Asthma Influenza, Croup, Whooping Cough, Bronchitis, Predisposition to Consumption, &c., &c.*

The great remedy is too well known and is performing too much good to make it necessary to go into an elaborate discussion of its merits. Suffice to say that it still maintains its supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, seldom have occasion to resort to other preparations to insure a perfect restoration to health.

From SAMUEL A. WALKER, Esq., of Boston,
The well-known Auctioneer.

To Seth W. Fowle.

My Dear Sir—Having experienced results of a satisfactory character from the use of WISTAR'S BALSAM OF WILD CHERRY, in cases of severe colds, during the past two years, I am induced to express it's full faith I have in its renovating power.

I was first induced to try this medicine as an experiment, about two years ago, in connection with the strong recommendation of a friend, who was wellnigh gone with Consumption, and whose relief from the use of it satisfied me of its great value in cases of colds and decline, and most clearly demonstrating, to my mind, its great value as a re-formative, that only needs a fair trial to inspire a grateful demonstration from the public.

Your obedient servant,
SAMUEL A. WALKER.

TELEGRAMS.

Last Evening's Specials.

FROM WASHINGTON.

June, 6, 1868.

Saturday evening's special to the Post says after three days' debate on the new Tax bill it is evident that it will be impossible to get the House to remain in session long enough to pass it. There is no probability that the Senate could pass the bill without devoting three or four weeks to debate and amendments, when it would go back to the House again for concurrence.

In view of this, it is thought that in a few days special clauses will be taken out of the bill, relating principally to the tax on whiskey and tobacco, and passed, and then the main portion of the bill will be allowed to go over until the next session.

Soon after the House assembled a resolution was passed for the Speaker to tender the Chinese Embassy a public reception in the Hall of the House, on Tuesday morning next at 11 o'clock.

General B. B. Eggleston, the Republican candidate for Governor of Mississippi, is among the visitors to Washington. The election takes place in about two weeks, and the canvass is the most violent ever known in that State. The rebels have all assumed the Democratic name, and their speakers are addressing the voters, white and black, with every manner of appeal. They are coaxing the colored people with an assiduity and industry hardly compatible with their former abuse of the ignorance and incapacity of the freedmen.

Peerless Cooking Stove,

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed attachment, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful house-wife: the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

600 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. Sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

at the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A Government Grant of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A Government Grant of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A Government Grant of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections of the road. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A Government Grant of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and no more. The Government Permits the Trustees for the First Mortgage Bond holders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first class Railroad, laid with a heavy Trail, and completely supplied with depots, stations, turnouts, carhouses, locomotives, cars, &c.

V.—A Capital Stock Subscription from the stockholders, of which over *Eight Million Dollars* have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—Net Cash Earnings on its Way East—ness that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds

upon such a property, costing nearly three times their amount,

Are Secure beyond any Contingency.

The Company have abundant means in their treasury, and make no appeal to the public to purchase their Bonds, as the fully subscriptions are entirely satisfactory; but they submit that, for entire security and liberal returns, there is certainly no better investment in the market.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT,

AND IT IS BELIEVED THAT THEY MAY SOON BE AT A PREMIUM.

The Company reserve the right to advance the price to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum from the date on which the last coupon was paid. Subscriptions will be received in Newport by HENRY BULL & CO.; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No. 59 Wall Street,

And by the Company's Advertised Agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the Advertised agents.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21,** having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston,

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact as well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers,

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

promptly refers to Professors and respectable Physicians—many of whom reside here in critical cases, because of his acknowledged skill and reputation, obtained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, mere presentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

BLACK MOUTH MAKERS,

through false certificates and references, and recommendations of their medicine by one of us, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., as the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specifics, Antidotes, &c., both relying upon its effects in curing a few in a hundred, it is interposed in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will prescribe themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "unskilled" may be obtained for profitably curing, as "Nine dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and unknowingly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications carefully confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

MEDICAL AND SURGICAL OFFICE, No. 16 1-2 Howard Street, Boston.

DR. W. F. PADELFORD gives exclusive attention to diseases of the genito-urinary organs, and all diseases of a private nature in both sexes.

DR. PADELFORD has gained a great celebrity for the cure of the above diseases that any physician in America. His great success in these long stand ing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy the extensive patronage he has received. Therefore, persons afflicted with diseases of the above nature, no matter how difficult or long standing the case may be, would do well to call on Dr. Padelford, at his office, and if not effectually relieved, no remuneration will be required for his services.

It is deplorable to witness some of the cases that are presented to him, where the disease has been driven into the system by quacks, the abuse of Mercury and Copaiva, &c., to break out again in the forms of spots and ulcers on the body, pain in the joints, sore throat, night sweats and emaciation.

DR. PADELFORD is admitted by the best medical talent of the country to have no equal, and it is an unusual occurrence for physicians to refer to practice to recommend patients to him for treatment when afflicted with diseases in his specialty.

TO YOUNG MEN.

Seminal Weakness, or Constitutional Debility, brought on by secret habit indulged in by young men—this is one of the greatest evils that can befall man, for it begets diseases of the heart, consumption, dyspepsia, emaciation of the frame, and finally ends in complete idiocy. By causing a rush of blood to the head, it often terminates in apoplexy.

Persons suffering from SECRETS DEBILITY, especially if contemplating marriage, should lose no time in making immediate application.

TO FEMALES.

Females will receive the most scientific attention, both medically and surgically, with private apartments during sickness, and with old and experienced nurses, if they wish.

DR. PADELFORD'S FEMALE MONTHLY DROPS, for Suppression, Irregularities, &c., &c. Warranted in all cases. Price $10—sent by express to all parts of the country.
